

Cultivating Grassroots Movement.

¿Qué tan rápido puede
erecter un sueño?
Tan rápido como
una vaina de pasto.

"Cuando foco el pasto,
foco el infinito.
Existió mucho antes
que hubiera seres humanos
en la tierra, y seguirá
existiendo por millones de años.
A través del pasto, hablo con la
infinidad, la cual es solo una fuerza
silenciosa. No Existe el contacto físico.
No está en el estomago,
en el viento o en el fuego.
Es el invisible mundo de la naturaleza,
de la cual, Yo también soy parte."
-George Washington Carver

How Fast Can
a Dream Grow?
As Fast as a Blade of Grass.

"When I touch grass,
I touch infinity. It existed long
before there were human beings
on the earth, and it will continue
to exist for millions of years to come.
Through the grass, I talk to the infinite,
which is only a silent force.
This is not a physical contact.
It is not in the earthquake,
wind, or fire.
It is the invisible world of nature,
of which I, too, am a part."
-George Washington Carver

"This grain has not been altered by man since ancient times and therefore remains virtually the same as it was when first gathered from the wild when man first transitioned from a hunter/gatherer to a farmer," said Bob Quinn, founder of KAMUT International.
